Build Your Portfolio: 1st Web Project

User Stories:

1. As a busy parent, I want to be able to place an order to a restaurant online so that my meal will be ready to pick up from the restaurant and take home to my family.

2. As a foodie looking to try something new, I'd like to be able to view a restaurant's menu online so I can decide if I want to try their food.

3. As a frequenter of this restaurant, I want to be able to make a quick reservation online so that on the restaurant's busiest nights, I am guaranteed a table without having to wait a long time.
